## Location

Antico Casale Urbani consists of two communicating reception rooms, one on the ground floor and one on the first floor overlooking the swimming pool. The structure is completely surrounded by green spaces and English gardens, two swimming pools with splendid views of the surrounding mountains, carved wooden gazebos, sunshades and refined outdoor furniture. We have free parking, close to the farmhouse and easy to reach.

We have the ideal spaces to set your wedding banquet. The large internal rooms house small and large receptions: one room accommodates up to 140 people; the other up to 200. The garden, with a poolside area, is a perfect romantic setting for outdoor wedding banquets. Our staff will accompany you with experience and friendliness in the organizational choices to make your reception unforgettable.

## Wedding reception

The wedding banquets are our flagship: a happy combination of the national culinary tradition, the typical dishes of the area ( truffles, porcini mushrooms, Norcia ham, Sagrantino di Montefalco wine ) and the authenticity of the products of the family farm. ## Visit Umbria

### Marmore Falls

In the heart of the Nera River Natural Park it is possible to admire the grandiose natural spectacle of the Marmore Falls: among the highest in Europe. Admired by painters and writers, it became an obligatory stop on the Grand Tour and a perfect example of identity between the idea of the ravine and the sublime. Through a rich and vegetation, a path connects the upper to the lower viewpoint, allowing the spectacular fall of water to approach.

### Todi

Ancient Tular, guarding the Tiber river, was a border and point of contact between the Etruscan and Umbrian territories. The urban layout 'adapts to the double top of the hill with a complex system of buttresses and cisterns and offers countless visiting ideas. You can choose to stop and contemplate the majestic harmony of Piazza del Popolo and the mystical solemnity of the Gothic temples, or get lost in the narrow alleys that seem almost dug and unexpectedly open with panoramic views of rare beauty. The inhabited center is in perfect harmony with the surrounding countryside, dotted with farmhouses and small rural villages, between Tiber and Orvieto.

## Assisi

The itinerary inside this city, a UNESCO heritage site, includes the Basilica of Santa Chiara, the birthplace and the oratory of San Francesco and ends at the Basilica of San Francesco, with the two overlapping churches built on the saint's tomb. Guided tours are not allowed on Sundays and religious holidays.

We therefore recommend visiting Assisi from Monday to Saturday rather than Sunday. Here a careful visit will be made to discover the precious frescoes that make Assisi a fundamental stage in the history of Italian art: Giotto, Cimabue, Simone Martini, Lorenzetti are among the most famous artists who worked to celebrate San Francesco.

## Orvieto

Orvieto is the city of the Duomo, one of the most beautiful Gothic architecture in Italy, celebrating all the arts, from mosaics to bas-reliefs to frescoes by Signorelli and Beato Angelico. Orvieto is an ancient Etruscan capital, whose remains are below and on the edge of what is visible: a city where the Middle Ages left a harmonious ' imprint, to be found in its ancient churches and in its alleys. Orvieto is the city of the warm color of the tuff and the landscape of the badlands, the papal city of the fortress and well of San Patrizio.
